

2015-2020 Strategic Goals

- In partnership with academic affairs, develop an integrated first year experience for the institution that improves the engagement and success of participating first year students
- Create a campus hub for student engagement and support through a comprehensive renovation of the D. P. Culp University Center
- Support the work of ETSU Multicultural Center as a model that will promote an inclusive, participative, and supportive campus climate for our students and campus community
- Engage and increase community and alumni support and collaboration for division programs, services, and activities through the development and implementation of a division advancement plan
- Provide intentional support and engagement with transfer and adult students and strengthen connections with community college partners to promote a successful transition and connection to the institution
- Increase student engagement in student organizations, leadership and service, weekend activities, and major events and traditions
- Grow intentional residential learning experiences, learning communities, and academic partnerships that support the intellectual and personal growth of residential students
- Increase the intentional integration of career development and exploration into the student educational experience
- Develop a comprehensive program of wellness education and support that increases the participation of students and the engagement of the campus community in promoting healthy lifestyle choices, positive relationships, and a network of care
- Increase professional development opportunities for professional, graduate, paraprofessional, and student workers in the division
