

# The Division of Student Affairs

**Mission:** To promote student success

**Vision:** Our vision is an environment of transformative experiences and opportunities that engage students to: think critically, value diversity, contribute meaningfully, embrace wellness, and reach globally.

## Values:

**Advocacy** — To advocate for students individually and collectively in order to ensure the university's continuing focus on students

**Diversity** — To develop an affirming campus environment for all students that challenges the community to model respect, caring, honesty, and openness in a manner that honors the value and inclusion of all individuals and groups

**Engagement** — To promote student involvement and active exploration through the creation of educationally purposeful programs, activities, and environments

**Learning** — To facilitate and support the lifelong pursuit of knowledge through meaningful, creative, and innovative experiences that connect students' academic and co-curricular learning

**Stewardship** — To provide intentional and innovative development and management of human, technological, natural, and fiscal resources

**Student Development** — To support the personal development and growth of every student to enhance self awareness, physical and psychological well-being, honest and open communication, leadership, and integrity
